## 2025 EVENTS PROMOTIONS PEGG

Submitted by Lorraine Taylor, George Pegg Botanic Garden, Glenevis

Summer Season at Pegg Garden  
Gardeners are looking

forward to getting going in their yards and we feel the same way at the George Pegg Botanic Garden. Plans are well under way for hiring summer staff, hosting summer events, and digging

into some exciting projects.

We are often asked "What is there to see and do at Pegg Garden?" Anyone with an interest in the Garden is invited to attend the

## WHITECOURT COMPLETES ENERGY UPGRADES AT JDA PLACE

Submitted by Town of Whitecourt

The Town of Whitecourt is pleased to announce that it has completed an energy project at JDA Place that will create operational cost savings and efficien-

cies.

The project, which received \$192,140 in funding through the Community Energy Conservation Program and the Government of Alberta-funded Municipal Climate Change Action Centre, involved the replacement of the

McLeod Arena roof, and installation of a REALice System. The REALice water treatment system eliminates the need for hot water when building and resurfacing the ice. Through both completed upgrades, it is estimated

## PARKLAND RCMP REQUESTING PUBLIC ASSISTANCE IN A HIT AND RUN INVESTIGATION

Submitted by Parkland RCMP

The parkland RCMP are investigating a hit and run collision in the Brookwood drive area of Spruce Grove on April 5th, 2025 involving

three vehicles one of which fled the scene before the driver could be identified. A driver of one of the vehicles later attended a hospital with minor injuries believed to be sustained in the collision.

The vehicle that fled is described as a red or maroon Dodge Ram towing a white Starcraft travel trailer.

Parkland RCMP is looking to identify the driver of the Dodge Ram.

annual meeting on Tuesday, April 22 to see a colorful virtual tour of this historic site in Lac Ste. Anne County. Join us at the Onoway Heritage Centre at 6:30PM for coffee, sweet treats from The Table, and a chance to win a door prize.

Two more dates to save

are Thursday, July 24 for the annual Tea Party in the Garden and Sunday, August 17 for a combined Open Farm Days celebration and Art in the Garden Show and Sale. The Garden opens for the summer on June 2nd. We are excited to show off the newly restored machine shed. Check out the Garden website for event updates

and volunteer opportunities.

## Whitecourt Completes Energy Upgrades At JDA Place

### Continued from Page 1

that a greenhouse gas reduction of 11

% will be achieved, which equates to a reduction of 1,818.37 tonnes of carbon dioxide over the lifetime of the components.

"The facility enhancements will greatly impact recreational users and visitors to our community, while at the same time making an impact on our environment,"

added Whitecourt Mayor Tom Pickard.

"We know how important arenas are to our communities, and how much energy they can use," said Rebecca Schulz, Minister of Environment and Protected Areas. "Upgrades can carry a high price tag, which is why we're pleased to help fund this project. The new arena roof and other upgrades will help lower utility costs for Whitecourt while supporting

more fun at the rink."

The Municipal Climate Change Action Centre is a partnership of Alberta Municipalities, the Rural Municipalities of Alberta, and the Government of Alberta. Funding for the Community Energy Conservation Program was provided by the Government of Alberta.

# MORE MONEY FOR READING, WRITING AND MATH SKILLS

Submitted by Government of Alberta

Alberta's government is providing \$7.5 million to school boards to help students with reading, writing and math skills.

Reading, writing and math skills are important for lifelong success in and out of the classroom. This year, schools started screening students in kindergarten to Grade 3 more often to ensure no student falls behind in reading, writing and math. To help young students that need extra support, Alberta's government is providing a one-time grant of \$7.5 million to ensure schools

have the resources and staff needed to support students in developing these important skills.

"Basic skills like reading, writing and math are key to student success. This funding will help schools identify students that need help the most and get them the extra help they need."

Demetrios Nicolaides, Minister of Education

The additional \$7.5 million in grant funding builds on the \$10 million that is being provided for reading, writing and math support for this school year. Budget 2025, if passed, also invests more than \$40 million into school boards

for reading, writing and math support over the next three years.

"Today's announcement solidifies Minister Nicolaides' ongoing commitment to address learning difficulties in our province. This is a strong statement of support to school divisions, teachers and researchers as they work collaboratively to ensure that our students have the resources they need to succeed."

George Georgiou, professor, Faculty of Education, University of Alberta

"Alberta School Boards Association welcomes the government's addi-

tional investment in supports and interventions for literacy and numeracy. This grant will help Alberta's locally elected school boards provide essential early learning resources to support the unique needs of our youngest learners."

Marilyn Dennis, president, Alberta School Boards Association

# County News Highlights

## MEETINGS & HEARINGS

[LSAC.ca/meetings](https://lsac.ca/meetings)

Meetings and public hearings are held at the County Administration Office near Sangudo; are open to the public and available remotely. Explore the County's online calendar for agendas, minutes, and meeting details.

### County Council Meeting

Thursday, April 24, 2025 at 9:30 am

### MPC Meeting

Wednesday, May 7, 2025 at 9:30 am

## ROADSIDE VEGETATION MANAGEMENT PROGRAM

[LSAC.ca/weeds](https://lsac.ca/weeds)

The County manages roadside and subdivision vegetation through a combination of mowing and selective herbicide application. Spot spraying typically occurs between May and September, while mowing takes place from June through October.

To control the spread of noxious and prohibited noxious weeds and brush, selective herbicide treatments and other integrated vegetation management practices are used throughout the district. These efforts follow the guidelines set out in Alberta's *Weed Control Act*, which identifies specific species that must be controlled on both public and private property.

Those who wish to manage weed and brush control along the right-of-way adjacent to their land can apply for the County's No-Spray Program. Please note that these participation agreements must be renewed each year.

## DID YOU KNOW? THE CANADIAN FEDERAL ELECTION AND THE MUNICIPAL GENERAL ELECTION ARE TOTALLY SEPARATE

[LSAC.ca/election](https://lsac.ca/election)

We want to clear up any confusion—the Federal Election and the Municipal General Election are completely separate events, each run by different organizations and held on different dates.

### The Federal Election

Run by: Elections Canada

Vote for: Members of Parliament (MPs) who represent us at the national level

For information, visit: [elections.ca](https://elections.ca) or call 1.800.463.6868

### The Municipal General Election

Run by: Lac Ste. Anne County

Vote for: County Councillors

For information, visit [LSAC.ca/election](https://lsac.ca/election) or contact the County's Returning Officer Reanne Springer at 780.305.9162 or email [retumingofficer2025@LSAC.ca](mailto:retumingofficer2025@LSAC.ca).

## TRAPPING SEASON IS NOW UNDERWAY

[LSAC.ca/beavers](https://lsac.ca/beavers)

The County has begun setting beaver traps in problem areas such as ditches and ravines.

Residents are strongly encouraged to keep pets on a leash when walking near these areas. If you come across a beaver trap, do not approach or touch it—these devices are dangerous and should only be handled by trained personnel.

If you are trapping beavers yourself, please ensure you are following the Code of Responsible Trapping, available at [albertaregulations.ca](https://albertaregulations.ca).

As stated in the 2024-25 Alberta Guide to Trapping Regulations — "Fur-bearing animals must be trapped using methods that are proven to avoid unnecessary pain and suffering. The manner in which animals are trapped is a concern of many Albertans, including trappers."

**Attention Non-profits! Apply today for the Alberta Highway Clean-up** for local area roads—Saturday, May 3. Send your letter of application including the name of group, county division, and contact name and number via email to [publicworks@LSAC.ca](mailto:publicworks@LSAC.ca) today. Application is deadline April 30.

# UPDATE ON MEASLES SITUATION IN ALBERTA

Submitted by Government of Alberta

Alberta's Chief Medical Officer of Health Dr. Mark Joffe issued the following statement on the measles situation in Alberta and how Albertans can protect themselves:

"Measles outbreaks are occurring in Canada, including Alberta. As of April 11, we have seen 58 confirmed cases in the province, and we are pay-

ing close attention to rising cases within the south and central zones. While the number of cases is concerning, I want to let Albertans know that public health officials are managing the cases and contacts as well as working with local leadership to support affected communities.

"As of April 11, an estimated 48 confirmed measles cases are likely to be past their period of communicability

(the time the person can transmit measles to another person). However, it's important to note that this does not necessarily reflect risk in the community as there may be people with undiagnosed measles, including people coming into the province from other places where it's circulating, nor does it reflect the number of persons who have been exposed to measles.

"Measles is more serious than other common childhood illnesses. It can cause pneumonia, brain swelling and even death. Early symptoms of measles include a fever, cough, runny nose, red eyes and a blotchy red rash that appears three to seven days after the fever starts. If you are showing symptoms of measles, stay home and call 811 for further direction.

"In light of the measles outbreaks across the province, I want to remind all Albertans that these outbreaks are highly preventable. Albertans can protect themselves and those around them by ensuring their measles immunizations are up to date. Immunization with measles-containing vaccine is the single most important public health intervention to prevent measles. This is especially true for parents of children aged two and younger, who are more susceptible to severe outcomes as a result of contracting measles.

"The measles vaccine is safe and highly effective at preventing infection and complications and is readily available to eligible Albertans. To see if you are eligible to get the vaccine, for the Calgary or Edmonton Zone you can call the Immunization Booking Line at 811 between 8 a.m. and 6 p.m. If you live in another zone in Alberta, contact your local public health or community health centre.

"Alberta Health is providing regular updates to measles cases at [alberta.ca/measles](http://alberta.ca/measles), including expanded data for age groupings, estimated data for those who are outside of their period of communicability and information related to immunization status of cases and number of immunization doses administered.

"It's important that Albertans do their part to prevent the spread of measles. For more information, please visit [alberta.ca/measles](http://alberta.ca/measles)."

## DUST SUPPRESSION PROGRAM RETURNS

[LSAC.ca/dust](https://lsac.ca/dust)

Submit your Dust Suppressant Application by April 30!

Reduce the impact of dust on your property with the County's Calcium Dust Suppression Program. The purpose of this program is to assist in the reduction of the impact of dust on residential rural properties adjacent to County roadways.

If you wish to purchase, the application and payment deadline is April 30. To qualify for the program, have your municipal address sign posted prior to applying.

Visit the website to download the application and review program details including payment options.

Have an upcoming community activity you'd like to promote? Post it on the **Community Events Calendar!** Visit [LSAC.ca/events](https://lsac.ca/events) to submit.

**Solid Waste Utility Bills** are in the mail. If you have not yet received your bill please contact the County Administration Office.

**Poll Workers Wanted**—work the 2025 Municipal Election! Visit [LSAC.ca/election](https://lsac.ca/election) to apply today.

County crews continue to work on **Frozen Culverts!** To report a flooded road or blocked culvert please call the County Administration Office or visit [LSAC.ca/report](https://lsac.ca/report).

# SPRING IS CONSTRUCTION TIME!

Submitted by MLA Shane Getson

I like spring, always have, always will. It is that time of year where we round the corner out of the darkness and cold into light and hope. It's Easter, for most of us, the most holy time of year. The Easter bunny, little kids on egg and chocolate hunts, it's the time of year where the seeds for the garden are getting lined up and that old "Honey Do List" that's been collecting dust gets dug out for all to see. It's the time of year for getting the equipment serviced and ready to go. Construction projects are funded, discussed, contracts are out for proposal, and time to plan as soon as the frost is out of the ground to turn dirt, and burn diesel. I love this time of year.

We just made it through the heavy lifting part of the budget for the province as well, meetings upon meetings where all parties get to grill the ministers on their proposed budget for the year. Unfortunately, this year it's a deficit budget, due to the price of oil, and that we had to carry some contingency based on the potential trade tariffs.

In short, it looks like we are going to need to spend more than we are bringing in, and had to set some aside in case things go sideways with our largest trading partner. We have managed to balance the budget for the last few years in a row, and it's a real gut check to deal with this one, but we also passed a law a few years back that forces governments to get back to balance, and that is what we will work to do.

I was asked recently about what did we get out of the budget, and for me I usually go back to make sure we have infrastructure funding for transportation, money for schools, money for health care, and money to take care

of folks who need it who fall on hard times. We also need to make sure we are allocating time and effort to make sure we get things back to being affordable.

So, to bring it back to the local level, the work on Highway 43, 44, 42, 37, 22, 16, Nikoodi Road, and the interface of 16A and range road 20 are all still a go. Maintenance will still continue as the crew chase the pot holes, cracks, and intersection improvements.

Highway 22 near the Lazy S Ranch will be getting the repairs it so greatly needs done as soon as the frost comes out.

Nikoodi Road will be under way for planning and consultation. The great news is that we will be utilizing this section of road for a test section of closed form geo cell, which will give us a very solid road, and manage the localized soils conditions while proving that it can be used elsewhere more cost effectively to reduce aggregate volumes. That means, the budget will go further, and it will get more roads built faster.

Highway 60 overpass and road improvements will be going to contract. Design is nearing completion, the last settlements with landowners seem to be coming to a close, and utility relocation discussions are well advanced. Long and short, we have never been closer, the budget is there, and it soon can become a reality, mitigating safety and transportation concerns in the area.

In regards to education funding, there have been some statistics floating around about how we are the lowest in the country. I, like many, have struggled with this, since I've been elected, education never had a cut, they held the line for funding, the last couple of budgets they received increases. This last year we have about 8 billion allocated over the next

few years to build around 100 schools for the needs we've seen because of our population increase. So the other thing that we have here in the province of the Strong and Free is freedom of choice. This includes where you as a parent, yes that's right parental choice again is a key foundation of a strong society, can decide where and how to have your children educated.

The expectations, the standards are the same with provincial testing, but it allows flexibility, and during the "Covid" years, as well as the ripple effect from it, many school divisions, kids, and parents are taking full advantage of it. Other provinces don't nearly have the same choices, and I believe because we have funded choices, it's why we are right now leading the nation with educational results either being the top, or in the top 3, because we have the choice in education, which is adequately funded.

Healthcare, well, this one is another hot topic, some folks figure if you just keep doing the same thing, throw more cash at it and put up more buildings, you will get different results. Einstein, by all accounts a real smart fella one time said doing the exact same thing repetitively and expecting results was insanity. I'm inclined to agree, so what are we up too then?

De-bottlenecking, rather than just throwing up new multi billion dollar buildings, looking at how many beds are in the overall inventory, and determine how we can get folks moving again through the system. Strategically funding construction for new beds where needed, point in case for the Stollery Hospital. Because we are matching funding for 200 additional beds, it will free up 2 to 4 times more capacity elsewhere. With the restructuring of the AHS organization, which in cross jurisdictional analysis, says we are bloated

worse than a heifer cut loose in a heavy crop of alfalfa.

Instead of letting the gas out of the system, like you would with the proverbial heifer, we are instead breaking it up into bite sized manageable groups with a focus under a few different ministries. In addition, carving back a ton of scope creep, so that the AHS group can focus on what they are good at. Health "Corridors" will address how folks actually live, changing the arbitrary boundaries that have crept up over the years, to allow for access and funding to be directed where people need it most. The big one that just came out, is that the funding will follow the patient, this model has been used for decades in Australia, and in Europe. What it allows is that there is choice in where the surgery can take place, based on what the best and fastest service that can be provided to the patient! When Australia implemented this, wait times went down by 53 % in the first year!

There are a number of other items that the budget addresses, it's not my favorite one by a country mile, but it does address many of the items that matter to us right now, in our area, and in our province. We have a few uncertainties that are out of our control, but we are looking at mitigating that risk, and have allocated contingency. We are actively working on the things we can, making the changes where needed, putting families, parents, and kids first. We are dealing directly with folks across the border, and because of that, so far, we've managed to mitigate hundreds of millions of dollars in tariffs. Common sense isn't dead, it's been on life support for a while, and we are nursing it back to life, putting policy in place that will ensure it makes a full recovery here in the province of the strong and free. Voters made it loud and clear to me, it's what matters to you.

# RCMP OFFICERS CHARGED WITH DANGEROUS DRIVING

Submitted by Government of Alberta

On March 5, 2020, the Alberta Serious Incident Response Team (ASIRT) was directed to investigate a possible dangerous driving offence while on duty by Parkland County RCMP officers on February 25, 2020.

The evidence gathered during ASIRT's investigation provided reasonable grounds to believe that an offence had been committed. As required by the Police Act, the investigation was forwarded to the Alberta Crown Prosecution Service (ACPS) to determine whether the evidence

met the standard for prosecution.

Following a review of the investigation and having been advised that the ACPS was of the opinion that the evidence met their standard for prosecution, ASIRT Executive Director Michael Ewenson determined that the involved officers should be charged. On April 7, 2025, Const. Debra-Ann Wash and Const. Dorian Tooze were charged with operating a conveyance in a manner that was dangerous to the public under Sec. 320.13(1) of the Criminal Code. They were released on an appearance notice and are scheduled for first ap-

pearance on May 21 in the Stony Plain Court of Justice.

As this matter is now before the courts, no further information will be released.

ASIRT's mandate is to effectively, independently and objectively investigate incidents involving Alberta's police that have resulted in serious injury or death to any person, as well as serious or sensitive allegations of police misconduct.

FEDERAL ELECTION / MONDAY, APRIL 28

f i t t m  
#ItsOurVote

## There are ways you can vote early.

You can vote:

At your assigned advance polling station from Friday, April 18, to Monday, April 21, 9 a.m. to 9 p.m.

At any Elections Canada office until Tuesday, April 22, 6 p.m.

By mail – Apply by Tuesday, April 22, 6 p.m.

Check your voter information card or visit [elections.ca](https://elections.ca) for all the ways you can vote.

## BRING MORE NATURAL LIGHT INTO A HOME

Maximizing natural light in a home is a smart and sometimes low-cost renovation. Homes that are dark and drab can drain energy levels and reduce productivity. In addition, dark rooms may not be inviting places to gather as a family or when entertaining.

Certain factors contribute to a dark home. Houses that face north or east may not get the same level of sunlight as those that primarily face south and west. Geographic location

also plays a role in the amount of natural sunlight. Mountains, buildings and even latitude can affect the amount of natural light that enters a home.

The style of a home and its attributes also may create dark conditions. Deep house eaves as well as small windows or too few windows also can contribute to a deficit of light indoors. A major remodel certainly can remedy the situation. However, there also are other less-extensive

strategies to improve natural light.

Assess the situation before renovating.

Walk around the house and determine which rooms get the most

light and which conditions may be contributing to the problem in other areas. Dark floors and walls may be absorbing natural light and compounding the situation. You may find that only one or two rooms need attention, saving you the cost and effort associated with a major home overhaul.

- Lighten up window treatments. Heavy drapes or thick blinds can be replaced with translucent alternatives.

Translucent shades will allow light into the room without compromising privacy, say the experts at HGTV.

- Use mirrors strategically. A mirror placed opposite a window will reflect light all around the room. This can make a small room seem larger and a dark space instantly brighter.

- Install new windows and doors. If the budget allows, installing larger windows in a home will allow more natural light in. French

doors or sliding doors also may make a home's interior more bright. Think about adding windows to a side of the house that has none, or increase the size of the windows on the side of the house that gets the most light.

- Maximize sunlight from above. Skylights will bring light into a home as the sun passes overhead. Tubular skylights can bring natural sunlight into spaces where you

may not expect skylights to be practical. According to Houzz, a design and architectural resource, tubular daylighting devices, or TDDs, can make a big difference. TDDs are reflective pipes installed between the roof and ceiling, with a clear plastic dome.

- Use reflective decor. Reflective surfaces, including glass and metal, can brighten up a room and diffuse light around a room. Glossy

backsplashes, pendant lighting and shiny metal that reflect light can increase the natural light, balancing out dark spaces.

- Prune trees regularly. Cut back branches and keep trees tidy to maximize sunlight. Avoid planting tall shrubbery in front of windows.

- Routinely clean windows and glass doors. Dirt and other grime can prevent light from getting through. Regularly give windows a thorough washing.

Natural light is an important commodity in a home. Sunlight can improve mood and go a

long way toward keeping home occupants healthy and happy.

# ALBERTA FINALIZING FLOOD MAPS AT LIGHTNING SPEED

Submitted by Government of Alberta

Alberta's has finalized more flood maps in the past five years than in the previous thirty-five years combined.

Flood maps help keep people safe and play a critical role in informing local emergency response plans and guiding future Indigenous community and municipal development decisions. In the past five years, flood mapping has launched in 100 municipalities and Indigenous communities.

Now, seven new flood map studies are underway for the communities of: Carbon, Chateh, Crowsnest Pass, Lethbridge Rycroft, Thorsby and Two Hills. Work will begin immediately, with results

expected before the end of next year.

In addition, Alberta is soliciting feedback on four flood map studies nearing completion, including: Hinton, Vegreville, Stettler, Red Deer County and Markerville. Mapping from these studies covers about 250 kilometres of rivers and creeks through seven municipalities. Albertans can provide feedback at floods.alberta.ca until May 12.

All rivers, streams and lakes in Alberta have the potential to flood. Knowing where the water will flow during a flood is critical to understanding where it's safe to farm, safe to build, and how to best prepare for emergency situations.

"Our government is committed to creating more than

3,000 kilometres of new and updated flood mapping by 2028. So far, we've completed 1,600 kilometres. This commitment has resulted in more flood maps being finalized in the past five years than in the previous thirty-five years combined. Alberta's proactive work will help protect communities, families and businesses in the decades to come."

Rebecca Schulz, Minister of Environment and Protected Areas

"The Rural Municipalities of Alberta appreciates the Government of Alberta working to create new flood mapping in recent years. Floodwaters do not recognize jurisdictional boundaries, and rural municipalities must plan carefully how to use their limited resources

to best protect their residents, businesses and the environment. Having access to the data provided by these flood maps will enable rural municipalities to plan appropriately and mitigate the impacts of flooding for years to come."

Kara Westerlund, president, Rural Municipalities of Alberta

"Alberta Municipalities congratulates the provincial government for accelerating its flood mapping for communities of all sizes throughout Alberta. Our members count on accurate, up-to-date flood maps to guide their communities' development and assist with their emergency management planning."

Tyler Gandam, president, Alberta Municipalities

## 2025 Rimbey Spring Machinery Consignment Auction

Edson Area - Grazing Lease

Sale Starts on April 18th, 2025

Grazing Lease (Located in the Cattle Handling Ring) - April 21st, 2025

Selling a 1244.43 Acre M/L Grazing Lease Just West of Edson Area - Grazing Lease #38603

Consisting of Approx. 8 Quarters of Land in 1 Block, On 10 Titles with a Carrying Capacity of 366 AUMs (Animal Unit Month). There are four separate pastures; three with dugouts. area. Call 780-779-3589

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

**ANSWER:  
Last Weeks**

You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

|   |   |   |   |   |   |   |   |   |
|---|---|---|---|---|---|---|---|---|
| 3 | 5 | 9 | 6 | 7 | 8 | 2 | 1 | 4 |
| 6 | 7 | 4 | 1 | 9 | 2 | 3 | 5 | 8 |
| 2 | 8 | 1 | 4 | 3 | 5 | 9 | 7 | 6 |
| 1 | 9 | 7 | 2 | 4 | 6 | 8 | 3 | 5 |
| 4 | 3 | 6 | 5 | 8 | 9 | 7 | 2 | 1 |
| 5 | 2 | 8 | 3 | 1 | 7 | 4 | 6 | 9 |
| 9 | 1 | 2 | 7 | 6 | 4 | 5 | 8 | 3 |
| 8 | 6 | 5 | 9 | 2 | 3 | 1 | 4 | 7 |
