JOKE of the week

A policeman in the big city stops a man in a car with a pig in the front seat. "What are you doing with that pig?" He exclaimed, "You should take it to the zoo." The following week, the same policeman sees the same man with the pig again in the front seat, with both of them wearing sunglasses. The policeman pulls him over. "I thought you were going to take that pig to the zoo!" The man replied, "I did. We had such a good time we are going to the beach this weekend!"

TIPS TO AVOID IDENTITY THEFT

- 1)** Before you reveal any personally identifying information, find out how it will be used and if it will be shared.
- 2)** Pay attention to your billing cycles. Follow up with creditors if your bills don't arrive on time.
- 3)** Guard your mail. Deposit outgoing mail in post office collections boxes or at your local post office. Promptly remove mail from your mailbox after delivery. Ensure mail is forwarded or re-routed if you move or change your mailing address.

- 4)** Utilize passwords on your credit card, bank and phone accounts. Avoid using easily available information like your mother's maiden name, your birth date, the last four digits of your SIN or your phone number.
- 5)** Minimize the identification information and number of cards you carry.
- 6)** Do not give out personal information on the phone, through the mail or over the internet unless you have initiated the contract or know whom you're dealing with.

- 7)** Keep items with personal information in a safe place. An identity thief will pick through your garbage or recycling bins. Be sure to tear or shred receipts, copies of credit applications, insurance forms, physician statements and credit offers you get in the mail.
- 8)** Give your SIN only when absolutely necessary; ask you use other types of identifiers when possible.
- 9)** Don't carry your SIN card; leave it in a secure place.

RURAL CRIME AWARENESS

Protect machinery from theft by leaving valuables locked in a shed or storage facility and by marking equipment with your drivers licence and province of issue (an engraver can be borrowed free of charge from most local police detachments).

Protect livestock by checking herds regularly and keeping accurate records of livestock born, sold or purchased.

“Grain Fette” or “Grain Guard” is a unique approach to identifying your crops. Small bits of paper, each one imprinted with your special code number, are mixed with grain as grain is being augered into the storage shed. This is approved by the Canadian Grain Commission. The paper used is also digestible in animal feed.

Utilize the Report-A-Poacher Program. Their toll free number is 1-800-642-3800.

Rural Crime Watch Members are concerned citizens who are watchful for unusual activity in their community. They record information on suspicious people and vehicles and pass it along to local police. Join together with your neighbours to install a crime watch program in your area. Do not approach suspicious individuals on your own.

RCMP OFFICERS CHARGED WITH DANGEROUS DRIVING

Submitted by Government of Alberta

On March 5, 2020, the Alberta Serious Incident Response Team (ASIRT) was directed to investigate a possible dangerous driving offence while on duty by Parkland County RCMP officers on February 25, 2020.

The evidence gathered during ASIRT's investigation provided reasonable grounds to believe that

an offence had been committed. As required by the Police Act, the investigation was forwarded to the Alberta Crown Prosecution Service (ACPS) to determine whether the evidence met the standard for prosecution.

Following a review of the investigation and having been advised that the ACPS was of the opinion that the evidence met their standard for prosecution, ASIRT Executive Director Michael Ewenson

determined that the involved officers should be charged. On April 7, 2025, Const. Debra-Ann Wash and Const. Dorian Tooze were charged with operating a conveyance in a manner that was dangerous to the public under Sec. 320.13(1) of the Criminal Code. They were released on an appearance notice and are scheduled for first appearance on May 21 in the Stony Plain Court of Justice.

As this matter is now before the

courts, no further information will be released.

ASIRT's mandate is to effectively, independently and objectively investigate incidents involving Alberta's police that have resulted in serious injury or death to any person, as well as serious or sensitive allegations of police misconduct.

2025. "The Maskwacis RCMP would like to thank community members and leadership from all 4 Nations of Maskwacis and their

continuous to support in helping get illegal firearms away from the community and out of the hands of those who are using them for illegal purposes" said

Insp. Richard Mckay, Detachment Commander of the Maskwacis RCMP.

ALBERTA RCMP OFFICER INVOLVED SHOOTING IN MASKWACIS

Submitted by Alberta RCMP

On April 24, 2025, Maskwacis RCMP were asked to assist Edmonton Police Service with the investigation and subsequent arrest of occupants who fled from a stolen vehicle into a residence in Montana First Nation, Alta. Soon after, two suspects exited the house and were arrested. The third, who was believed to be in possession of a firearm, remained in the residence. The Alberta

RCMP Emergency Response Team (ERT) was called in to assist.

Soon after 10:50 p.m., a confrontation occurred between RCMP and the suspect, resulting in at least one officer discharging their service weapon. No officers were injured during this confrontation. Soon after, the residence caught fire and no one was observed exiting. The Maskwacis Fire Department was called as soon as the fire started and are still dealing

with the property.

In compliance with legislative requirements, the Director of Law Enforcement was immediately notified causing the deployment of ASIRT to conduct an independent investigation. The RCMP believes in accountability and transparency and in so doing will provide full support to the ASIRT investigators. Events like this are difficult for everyone involved.

Independent of ASIRT's investigation, the RCMP's inter-

nal review process has been implemented to gather a full account of what took place during this incident. RCMP training, policy, police response, and the officer's duty status will be subject to review. The RCMP is, of course, fully cooperating with ASIRT. All media inquiries about this incident should now be directed to ASIRT at 780-641-9099.

NEW FLAG AT UAH HONOURS ORGAN AND TISSUE DONORS

Give Life Alberta flag will fly during two awareness weeks every year

Alberta Health Services' organ and tissue donation program Give Life Alberta has raised a new flag at the University of Alberta Hospital, a tribute to the thousands of people in Alberta, both deceased and living, who have given the gift of life to others.

The Give Life Alberta flag will be raised at the 112 St. entrance for two weeks every year: National Organ and Tissue Donation Awareness Week (April 20-26, 2025) and Living Donation Week (Sept. 7-13, 2025). The flag's icon – a green heart filling the void of a dotted heart – symbolizes organ and tissue

donation. One organ donor can save up to eight lives, and a tissue donor can save or dramatically improve up to 75 lives.

While Alberta marked another record year in 2024 – with 317 deceased organ and tissue donors – there are more than 500 people waiting for life-saving transplants in the province.

"It's important to remember (donation) is not something to take for granted," says Give Life Alberta Medical Director Dr. Andreas Kramer. "Often we have to have these conversations at a difficult time in patients' lives, or their families' lives, and we're just really grateful that so many Albertans

are willing to make that decision."

One of those selfless donors in 2024 was 43-year-old Kathleen McGee of Edmonton. While she was dying of colorectal cancer, the stand-up comedian asked her husband Adam Lampman to make sure she donated anything she could.

"She had such a genuine care for people and wanted to be able to provide either life or a positive aspect of life to someone even when she wasn't here anymore," says Lampman.

Shortly after his wife died in the fall of 2024, Lampman completed the consent forms and questionnaire required for her to become a donor. McGee

was eligible to donate her eyes and her corneas have restored sight for one person.

Another donor's family helped raise the new Give Life Alberta flag. After 23-year-old Andy Polanski died in a motor vehicle crash in 2013, the Fort Saskatchewan man saved five lives and improved many more with his organ and tissue donations. His family continues to support fellow donor families through fundraising events.

"To be able to pay tribute to Andy and all the other amazing donors and their families is an honour for us," says Dawn Pinder, Andy's sister.

That's what it takes to help prevent crime. During Crime Prevention Week, do what you can to keep your home, neighborhood and workplace safe.

When away from home for extended periods:

Install timers on a few inside and outside lights.

Hold mail and newspaper delivery or donate it to a school or hospital.

Have a trusted friend or neighbor look after your home.

Around the house:

Do not leave tools or ladders outside your home.

Make sure external doors and frames are sturdy. Steel or 1 3/8"-thick wood is preferable.

Installing a security system can add extra protection against crime, fire or accidents.

In the neighborhood:

Join a neighborhood watch committee, and ask local law enforcement for assistance.

Get to know your neighbors. It will instill a sense of community and help everyone feel safer.

Report any suspicious neighborhood activity to the police.

New Flag At UAH Honours Organ And Tissue Donors

Continued from Page 10

“We understand the rollercoaster of emotions involved in making a loved one’s donation wishes come true and our hearts go out to all donor families.”

Reaghan Manyluk sees the flag as a symbol of appreciation for her donor hero. She received a life-saving kidney and pancreas transplant at the University of

Alberta Hospital in 2014. Eleven years later, the elementary school teacher is healthy, active and grateful for every “bonus” moment of her life.

“I’ve been able to enjoy some incredible moments that I never thought I’d live to see, such as my grandmother’s 97th birthday and the births of my niece and nephew,” says Manyluk. “I

think about my donor often and thank them for my life.”

Albertans are encouraged to register their intent to donate online at GiveLife-Alberta.ca – or at a motor vehicle registry office – and to tell their loved ones about their donation decision.

Alberta Health Services provides a range of health care services for more than four million adults and

children living in Alberta. Our mission is to provide excellent, patient-focused healthcare that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait times, improving EMS response times, increasing access to surgeries, and improving patient flow.
