WELDING, DANCING, BAKING AND BUILDING THEIR WAY INTO SUMMER!

Submitted by NGPS

Over 220 students from Onoway to Valleyview sign up for NGPS Career Exposure Summer Camps

220 students from Onoway to Valleyview will be digging into Career Exposure learning this summer, a stat that NGPS is happy to see increase year after year.

Superintendent Kevin Bird shares, "This program has real

value for students from exploring personal interests and earning credits, to gaining skills and learning more about themselves and what they want to do in the future. It's great to see so many students taking advantage of the opportunity."

The camps run every year in late June and early July and are open to students in Grades 9-12, from any school division. There is no cost to register for a camp,

and free school bus transportation is provided for students to and from Hilltop Jr/Sr High School in Whitecourt each day from Onoway, Sangudo, Mayerthorpe, Fox Creek and Valleyview.

Bird shared that division learning coordinators are "excited for a new year and grateful to our community partners, staff and instructors who continue

Four miles north of Onoway stands a small church built in the 1940s by Ukrainian pioneers. The first immigrant families in the area were served by various missionaries or circuit priests who spoke the

Ukrainian language. Services were held in private homes, schools and other denominational churches. For very special occasions, such as the blessing of the Easter bread "paska", baptisms or marriages, many traveled to Edmonton for their church needs.

to invest in these learning opportunities making them accessible for all students."

A full course line up of returning favourites, as well as some exciting new camps, include Industrial Safety (earning tickets), Baking, Travel, Wildlife Studies, Construction, Welding, Forensic

Science, CALM 20, Forestry Fundamentals and Dance. There's also Hairstyling and Aesthetics, Construction, Art & Design, Creative Writing, Photography and Automotives. And more!

NGPS Learning Director, Beth Jager, "The concentrated hands-on learning opportunities that our teachers provide students

with during the Career Exposure Summer Camps are essential in supporting students in future career path goals. For some, it is a refinement of skills, interests and directions, and for some it becomes clear that they will not be pursuing the path they thought. Both are very valuable realizations. We are fortunate to have a passionate and diverse staff to be able to offer a variety of opportunities and the support of our partners is essential in continuing to offer these learning experiences."

Career Exposure Summer Camps are made possible with the support of RBC Foundation, Pembina Pipeline, Town of Whitecourt, Woodlands County, and Careers: Next Generation.

This year's camps run June 30 to July 4, and July 7-11.

JOKE of the week

The teacher of the earth science class was lecturing on map reading.

After explaining about latitude, longitude, degrees and minutes the teacher asked, "Suppose I asked you to meet me for lunch at 23 degrees, 4 minutes north latitude and 45 degrees, 15 minutes east longitude...?"

After a confused silence, a voice volunteered, "I guess you'd be eating alone."

Landry Harris from Cherhill 4-H Multi Club would like to extend a Thank You to Plummer Land & Cattle for purchasing his 4-H steer.

St. Peter And St Paul Ukrainian Orthodox Church Of Onoway

Continued from Page 1

As more Ukrainians settled in the Onoway area, the leading members agreed that a parish of their own should be organized. A dedicated group was formed in 1942 and people were elected to further the church interest of Onoway and District Canadian Ukrainians. Elected were: Karpo Yaroshuk, Dennis Nemenko and Nicolai Hreneshyn. They established priorities and a decision was made that the most urgent need was the purchase of land for a cemetery and that a church would be built when sufficient funds were pledged by the membership. A committee of three, Stan Koziar, John Shabada and Andrew Wengreniuk,

was elected to find and purchase suitable land.

On April 12, 1943 four acres of land north of Onoway were purchased for \$40.00. Plans were quickly underway to build a church and an intensive membership drive was undertaken to support the proposed building.

There were approximately 40 Ukrainian families who either pledged labour or financial support. Some names you may recognize include: Karpo Yaroshuk, Peter Yanchar, Roman Shabada, Alex Shabada, Peter Shabada, Paul Shabada, William Shabada, Nick Shulak, John Shulak, Steve Shulak, O. Derechy, John Bakan, Dennis Nemenko, Mike Storenchuk, N. Hre-

neshyn, P. Lewoniuk, Anani (Emil) Borys, Bill Koziar, Sam Koziar, Alex Koziar, John Shelenko, Phillip Tyschuk, Bill Tyschuk, Jim Tyschuk, John Tyschuk, Mark Omelchuk, Fred Antoniuk, John Antoniuk, Andrew Wengreniuk, C. Rocko, Paul Yanda, Bill Melenka and Bill Sawka. (The Church organization apologizes for any names that may have been omitted.)

The construction of a very modest building was underway; however, during the actual construction, the Roman Shabada family made a very generous donation in memory of their son, Peter, who had passed away. This enabled the final addition to be built on the church, which now serves as the al-

tar.

Bill Tyschuk donated a very large amount of lumber, which was greatly appreciated. Almost all the interior furnishings such as vestments, crosses, holy pictures, Bibles, icons, candelabras and other church artifacts were donations of numerous members of the church over the years.

On April 8, 1950 the newly elected church executive was instructed by memberships to plan for the blessing and opening of the church. Elected were Andrew Wengreniuk (president), Nick Shulak (vice president), Alex Shabada (secretary) and Peter Shabada (treasurer). The financial control

[LSAC.ca/weeds](https://lsac.ca/weeds)

Residents wishing to participate in the County's No-Spray Program for the 2025 season are reminded that applications must be submitted by Friday, July 4. This program allows landowners to manage brush and provincially-regulated weeds in County right-of-ways adjacent to their properties without the use of herbicides.

If you are a returning participant or wish to enroll for the first time, please ensure your signed agreement is completed and returned by the deadline. Forms are available at the County Administration Office or can be downloaded via the website at [LSAC.ca/weeds](https://lsac.ca/weeds).

Participants are responsible for maintaining vegetation in these designated areas to ensure effective control of weeds, as well as maintaining road safety and visibility.

PROPERTY TAX DEADLINE APPROACHING AMID CANADA POST SLOWDOWN

—PLAN AHEAD FOR JUNE 30

[LSAC.ca/payments](https://lsac.ca/payments)

With the June 30 Property Tax Payment Deadline quickly approaching, the County is reminding residents to plan ahead as Canada Post is experiencing national service delays due to an ongoing overtime ban and labour negotiations.

While mail is still moving, delivery times have been notably slower across the country—including here in our community. This slowdown may affect the timely delivery of the 2025 Property Tax & Assessment Notices or subsequent payments sent by mail.

Please note that the County's Property Tax & Assessment Notices were mailed Thursday, May 8 and are deemed received after 7 days.

To avoid potential late penalties, residents are encouraged to use alternate payment methods such as online banking, online via [LSAC.ca/payments](https://lsac.ca/payments), or in-person at the County Administration Office— including an after-hours drop box (cheques or money orders only). If you've recently mailed a payment or are awaiting your tax notice, please contact the County to confirm receipt or request digital copies.

We appreciate your understanding as we continue to adapt to this service disruption. As always, our goal is to ensure everyone has the opportunity to meet the June 30 deadline without added stress or delays.

For questions or support with your property taxes, please reach out to the County Administration Office. We're here to help!

BLUE-GREEN ALGAE ADVISORY ISSUED FOR LESSARD LAKE

ahs.ca/eph

Alberta Health Services has issued a public health advisory following the detection of a blue-green algae (cyanobacteria) bloom in areas of Lessard Lake. Residents living near the shores, as well as visitors to the area, are advised to take the following precautions:

- Avoid all contact with algae blooms. If contact occurs, wash with tap water as soon as possible.
- Do not swim or wade, or allow your pets to swim or wade, in any areas where algae is visible.
- Do not feed whole fish or fish trimmings from this lake to your pets.
- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).
- Do not use water contaminated with cyanobacteria to water edible plants. This is particularly important for plants with edible parts exposed to the ground surface (such as cabbage, lettuce, tomatoes, and other salad vegetables).

committee was Alex Koziar and Peter Yanchar, white Phillip Tyschuk and John Shelenko made up the church welcome com-

mittee.

Although the church was not fully completed, the first service was celebrated on Sunday, July 14, 1950. Reverend Ambrose Chrustanka blessed the church in the names of the Patron Saints Peter and Paul. Words cannot express the joy of all present as they participated in the first service of their new church, in their native language.

For decades, yearly services were held for Ukrainian Easter, Prasnak (celebration in July for the Feast of St. Peter and St. Paul) and Thanksgiving. The celebration in July brought out many former members from Edmonton

and the surrounding area. It remains a wonderful service followed by the blessing of the graves and potluck lunch & fellowship. Of course, the church has also been used over the years for weddings, funerals, vow renewals and baptisms.

For 75 years, maintenance of both the grounds and the church has been kept up by the volunteer efforts of the congregation. To this date, the church is heated by a wood stove and lit by candles.

The church bell had been missing for several years and was recovered in the Rich Valley area, discovered by a grader operator.

It was refurbished and stood proudly again for decades, only to be stolen in the summer of 2022 along with the church contents. The precious bell and sentimental artifacts remain unrecovered.

This little church continues to serve as a place of worship, but also stands as a monument to the Ukrainian pioneers who, in their wisdom, saw not only a need for their own spiritual development, but also a heritage to be left for the younger generation.

Submitted by Parkland RCMP

On June 2, 2025 at in the area of Stony Plain an RCMP member out on patrol observed a silver Ford F250 leaving a local McDonalds at a high rate of speed, when the member attempted a traffic stop the

vehicle fled. With the assistance of Edmonton Police Air Services the F250 was located parked in a residential area of Stony Plain and another traffic stop was attempted, again the F250 fled at a high rate of speed, to avoid any risk to the public, members did not pursue.

The F250 was observed driving at high rates of speed, crossing medians, driving the wrong way on the road and nearly colliding with civilian and police vehicles.

At approximately 3:00 a.m. on June 2, 2025 in the area of Spruce Grove the F250 stalled and the

suspect driver exited the vehicle, entered a nearby truck and attempted to steal it. At this time RCMP officers were able to move in and arrest the suspect who resisted arrest.

The suspect was transported to a nearby hospital where he was assessed and released back into the custody of the RCMP.

As a result of this investigation the suspect was identified as Colter Trynchy, a resident of Spruce Grove, who was charged with the following:

- Flight from Police;
- Dangerous operation of a motor vehicle;
- Theft of motor vehicle;
- Resist / Obstruct a Peace Officer;
- Operating a vehicle while prohibited.

Trynchy was taken before a Justice of the Peace and remanded into custody, his next court date is scheduled for June 11, 2025, at the Alberta Court of Justice in Stony Plain.

"The Parkland RCMP is committed to keeping our community safe, we would like to thank Edmonton Police air services for their assistance in this investigation" said Inspector Kevin McGillivray, the Detachment Commander of the Parkland RCMP.

EDMONTON RIVER HAWKS SCOUT RECOGNIZES BRIGHT FUTURE IN TYLER HUMMEL

Submitted

My name is Bob Walker, and I am the northern Alberta scout for the Edmonton River Hawks. I recently had the pleasure of watching a talented young player, Tyler Hummel, from Victo-

ria, BC. From the moment I saw him play, it was clear that he was head and shoulders above anyone his age.

Two years ago, I began my role as the northern Alberta scout for the River Hawks. Through my contacts and friends, I was able to help Tyler secure a scholarship with Louisiana University. He has now completed two years there and is continu-

ing to play well.

Recently, I arranged a ten-day tryout with the Edmonton River Hawks for Tyler, and I am pleased to say he did not disappoint. During the games on Tuesday, June 3rd, and Wednesday, June 4th, the Hawks faced the Victoria Harbour Cats, winning 13-3 and 9-1, respectively. Tyler made a significant impact, scor-

ing three runs and making three catches for putouts at left field.

The coaching staff, management, and I are all very happy with his performance. I wish Tyler all the best in his future endeavours. If you know of any talented young ballplayers in the area, please give me a call.

FOR IMMEDIATE RELEASE

\$14.8 MILLION PROVINCIAL INVESTMENT STRENGTHENS WASTEWATER INFRASTRUCTURE AND WATERSHED PROTECTION IN LAC STE. ANNE REGION

Lac Ste. Anne County, AB — Monday, June 16, 2025

The Darwell and North 43 Lagoon Commissions are celebrating a major step forward in rural infrastructure and environmental protection thanks to a \$14.8 million investment from the Government of Alberta through its Water for Life program.

Announced today alongside MLA Shane Getson (Lac Ste. Anne-Parkland), the grant will fund 90% of a major transmission line project connecting the Darwell Lagoon to the Tri-Village area, the North 43 Lagoon, and onward to the Northeast Lagoon. This system expansion will ensure long-term capacity, protect local watersheds, and support future community growth.

This \$14.8 million investment builds on more than \$11 million previously committed to lagoon and wastewater infrastructure in the region—bringing the total provincial support to over \$25 million.

The project serves the municipalities of Lac Ste. Anne County, and the Summer Villages of Silver Sands, South View, Castle Island, Yellowstone, and Ross Haven. With both the Darwell and North 43 lagoon systems nearing capacity, this critical infrastructure project comes at the right time—and at a fraction of the cost of other alternatives.

"Our government understands that rural Alberta needs reliable, sustainable infrastructure that keeps costs down and environmental protection front and centre," said MLA Shane Getson. "This is exactly what the Water for Life program is meant to do."

"This is a smart investment for our region. With 90% of the funding coming from the province, we're able to build a long-term solution for a fraction of the cost. Instead of spending \$10 million or more on expanding two lagoon systems, this single transmission line project costs local municipalities about \$4 million—and sets us up for the future," stated Joe Blakeman, Reeve of Lac Ste. Anne County and Chair of the Darwell Lagoon Commission.

"This is about planning ahead, not playing catch-up," said Councillor Lorne Olsvik, Chair of the North 43 Lagoon Commission. "We're growing, and this project gives us the long-term solution we need while protecting our lakes, landowners, and recreational areas."

The completed transmission line will reduce the environmental impact of effluent discharge in the Sturgeon watershed, helping safeguard water quality for nearby communities, agriculture, and recreation users. It also reflects a collaborative approach to shared infrastructure that is both cost-effective and future-focused.

The Darwell and North 43 Lagoon Commissions expressed their sincere appreciation to Minister Devin Dreesen, MLA Getson, and the Province of Alberta for recognizing the urgency of this investment.
