# ALBERTA RCMP WARN OF ORGANIZED SWARMING-STYLE JEWELLERY SCAMS

Submitted by Alberta RCMP

Your Alberta RCMP has received a number of reports related to gold and jewellery scams targeting people in parking lots across Alberta.

The scam follows a similar pattern or process as follows:

- Victim is approached, often in a parking lot or flagged down by a seeming-

ly stranded motorist.

- Scammer claim they need money for food, gas, or airfare to get home, and offer fake gold or jewellery for exchange.

- Victims are sometimes accompanied by the scammer to a bank ATM to withdraw cash or to a store to purchase gift cards.

- In some cases, its been reported that the scammers use distraction techniques to remove real jewellery

from a victim, and replace it with fake jewellery.

- Scammers also utilize a distraction technique in businesses in order to steal higher-value items.

- The scammer often cites hardship, such as the recent death of a family member, or referencing sad-looking children in their vehicles in order to solicit a sympathetic response from victims. This can include reference to religion or prayer.

•In most cases, the scammers are driving rental vehicles with out-of-province licence plates from Quebec, Ontario, or British Columbia.

It is important to be aware while you are out in public. Always secure your valuables, and only purchase gold or jewellery from a reputable dealer. If someone approaches you in this manner, walk away.

# LOCAL TRAFFIC DISRUPTIONS –FEERO DRIVE AND BAXTER CRESCENT AT SUNSET BOULEVARD

Submitted by Town of Whitecourt

Road construction is continuing in our community, and we thank everyone for their patience as they navigate lane reductions and construction work.

Reconstruction of the Sunset Boulevard drainage swales is scheduled for the

month of July. Drainage swales will be removed between July 14 – 19, and concrete work will take place from July 21 – 26. During these periods, Sunset Boulevard from the alley west of Birch Lane/Kallbom Crescent, to the alley west of Baxter Crescent will be completely closed to vehicles. Residents can access

their neighbourhoods via Sakwatamau Drive and Baxter Crescent where a minimum of one lane will remain open for north/south traffic on those roads. While intermittent access may be available on Sunset Boulevard, residents should be prepared to take an alternate route. (See attached detour route.)

Please refer to the attached map for a detailed description of the closure.

The roadway is scheduled for paving near the end of the month after which the road will be fully reopened. Please use caution in the area and obey all traffic signage.

# ALBERTA LEADS WITH HEALTH CARE AIDE REGULATION

Submitted by Government of Alberta

Alberta will become the first province to regulate

health care aides under a health professional regulatory college, ensuring patients get high-quality care from qualified profession-

als.

Alberta's 40,000 health care aides play a vital role in the health system, providing hands-on support to

Albertans who need a high level of care, including seniors and those with chronic or acute illnesses.

# Alberta Leads With Health Care Aide Regulation

*Continued from Page 4*

Starting Feb. 2, 2026, health care aides in Alberta will be regulated under a professional college – just like many other front-line health professionals.

To practise and use the health care aide title, individuals will need to meet approved education requirements, follow standards of practice, commit to ongoing learning and abide by a professional code of ethics.

“This is a major step forward in strengthening Alberta’s health care system. It gives Albertans confidence that the care they receive is safe and that health care aides have the proper training and oversight.”

Adriana LaGrange, Minister of Primary and Preven-

tative Health Services

The College of Licensed Practical Nurses of Alberta will become the College of Licensed Practical Nurses and Health Care Aides of Alberta and will be responsible for registering health care aides, setting practice and conduct standards, ensuring continued professional development and responding to complaints. This work builds on the college’s experience regulating licensed practical nurses in Alberta.

“The College of Licensed Practical Nurses of Alberta is ready to take on the work of regulating health care aides in a manner that protects the public. We are leveraging our experience as a trusted regulator of licensed practical nurses to prepare health care aides

and our partners for this transition. The CLPNA is confident that the interests of Albertans will be served through our oversight of registration, practice, conduct and continuing competence.”

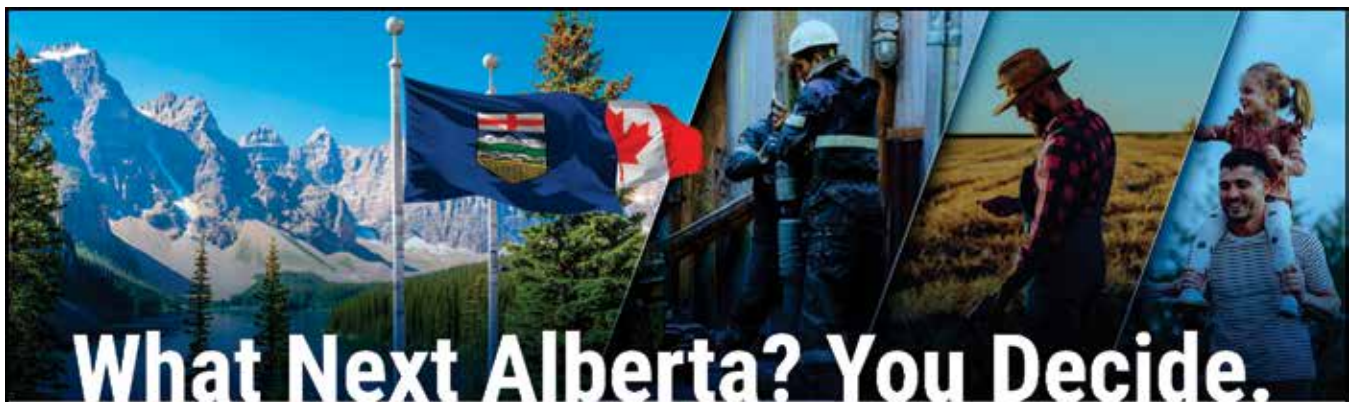

Kurtis Kooiker, president, College of Licensed Practical Nurses of Alberta

Health care aides who meet the requirements are eligible for enrolment in the Alberta Health Care Aide Directory. Those enrolled in the directory immediately before regulation comes into force will be transferred to a health care aide register with the college and issued a practice permit.

As of Feb. 2, 2026, individuals who meet the requirements for registration as a health care aide, who intend to provide health care aide

services to the public, and who want to use the health care aide title must apply for registration with the College of Licensed Practical Nurses and Health Care Aides of Alberta. Going forward, only registered health care aides will be allowed to use the health care aide title, and all registered health care aides will be required to renew their practice permits annually.

In the weeks ahead, regulatory changes to support implementation will be finalized. The college will also continue working with health care aides, employers, post-secondary institutions and other partners to support a smooth transition.

The Alberta Government is launching a province-wide consultation to chart our path, defend our economy, and assert our sovereignty within a united Canada.

Ottawa’s continued attacks against our economy and future cannot continue.

### THE COUNTY'S WEED INSPECTION PROCESS

[LSAC.ca/weeds](https://lsac.ca/weeds)

Lac Ste. Anne County's annual Weed and Crop Inspection Program is a proactive effort to enforce the Weed Control Act and protect our agricultural community. Running from late spring through summer, our team of nine appointed weed and pest inspectors diligently monitors private and county-owned properties for noxious and prohibited noxious weeds.

Here's what you need to know about the process:

#### 1. Inspection Scheduling and Notification

**When:** Inspections typically begin in June and continue through September. The program is announced via the County website, social media, the Lac Ste. Anne Bulletin, and direct notifications.

**Notification:** Residents receive at least 24 hours' notice before an inspection, either through door-to-door delivery of Weed Watch cards, phone calls, or direct contact from inspectors. You can also schedule an appointment to be present during the inspection by contacting our weed inspectors directly.

**Public Awareness:** We encourage residents to report weed or pest concerns to help us maintain compliance and protect the community.

#### 2. Conducting the Inspection

**Who:** Our inspectors, appointed under the Weed Control Act and the Alberta Agricultural Pests Act, are trained to identify regulated weeds and assess compliance. They carry identification and operate with professionalism and care.

**How:** Inspectors enter properties (excluding residences) to visually inspect fields, yards, and other areas for noxious or prohibited noxious weeds. To prevent cross-contamination, they use disposable boots or disinfect equipment with a bleach solution before entering fields.

**What They Look For:** Inspectors target weeds listed in the Weed Control Regulation, such as white cockle (noxious) or orange hawkweed (prohibited noxious), which can harm crops, ecosystems, or neighbouring properties.

#### 3. Post-Inspection Actions

**Compliance:** If no regulated weeds are found, no further action is needed. Landowners are encouraged to maintain invasive weed-free properties.

**Weed Report:** If noxious or prohibited noxious weeds are identified, inspectors may mail a weed report letter identifying where the weeds were found on the property, information pages about the weeds found, and a list of contractors that provide vegetation management services in the region.

**Weed Notice:** If noxious or prohibited noxious weeds are identified on a property where no control methods or actions are evident, inspectors may issue a weed notice requiring the landowner to control or destroy the weeds within a specified timeline. The notice outlines the weeds, required actions, and deadlines.

**Support:** Our team provides guidance on weed identification and control methods, including herbicide application or mechanical removal. Contact us for resources or to discuss your weed management plan. The County also has sprayers available to rent with information at [LSAC.ca/agriculture/rental-equipment](https://lsac.ca/agriculture/rental-equipment).

#### 4. The County's Commitment

Lac Ste. Anne County also inspects and controls weeds on its own lands, such as municipal reserves, ditches, and subdivisions. We strive to lead by example in sustainable weed management.

### 2025 Farmer's Day Feature Tractor:

Owner George Hnatiuk, from Westlock, with his 1961 IHC 660.

I have been collecting IHC tractors for around 50 years, since my teens. Always been fascinated with the old tractors. I have collected from all over Alberta and Saskatchewan, so that averages one per year.

One of my favorites is the 660 IHC. It's also my farming tractor.

660 IHC tractors were produced from 1959-63 and was IHC biggest tractor back then. They also came in Gasoline and Propane styles with a 263 CID engine. This is also the same engine used in the 560's. While the 560 ran at 1800 RPM rated load, the 660 ran at 2400 RPM. This was to get the increase of HP of around 85 HP P.T.O. The 660 also used planetaries in the rear hubs to accomplish this, along with bigger rear tires. That 282 Diesel engine was actually a pretty good little engine, other than its head gasket problems. They are very fuel efficient. Just under 7,000 units produced, so they are not all that common nowadays.

I can't focus on only one 660, as I have 10 of them, which includes my part ones. Gotta have lots of parts, if you have lots of 660's.

I am also a Red Seal Licensed Mechanic since the age of 22 years old. I do all my mechanical work. I have one in the shop that I am re-doing the engine on.... New sleeves, pistons & rings, and currently waiting on the head to get re-built. My plan is to have this tractor ready for June 14 & 15, 2025 pulls. So... we shall see, if I get her done; if not, I'll have to use the old worn out "1 incher" L.O.L. (There is a story to that name, also.)

I'm a mechanic, not a story teller like Tom T. Hall... for me, writing takes longer than doing the job! Just figured out that I've been coming to OP Pembina Tractor Pulls for 18 years. My first time was with Aurele Duperron when he brought his 660, before he had it painted. I like the original look on my tractors. So, I do not paint them.

This is a good place to come and good people. I tease Mary Jane that I just come for her Cinnamon Buns!

Have Fun!

# PARKLAND RCMP TEAMS UP WITH ALBERTA RCMP COMMUNITY RESPONSE TEAM TO COMBAT PROLIFIC OFFENDERS

Submitted by Parkland RCMP

Spruce Grove, Alta. – The Alberta RCMP is highlighting several successful operations focusing on prolific offenders in the community undertaken by the Parkland Detachment and the Alberta RCMP Community Response Team.

Earlier in the year Your Alberta RCMP's Community Response Team and the Parkland RCMP, with the assistance of the Central Alberta District Crime Reduction Unit; Integrated Gang Enforcement Team; Emergency Response Team and Police Dog Services, executed six search warrants in relation to Property Crime Offenders in Parkland County.

As a result of the investigation into this crime group and subsequent search warrants, Police located and seized:

- 5 Stolen trailers;
- 2 Stolen Lawnmowers;
- 1 Stolen Quad;
- 1 Stolen Skidsteer;
- 1 Stolen Travel Trailer;
- Stolen Licence plates and identification documents;
- Sawed off shot gun.

RCMP have arrested and charged 46-year-old Derek Polack, 44-year-old Amanda Garland and 49-year-old Christopher Minnett with a multitude of property crime related

offences.

They have been all been released for court at the Alberta Court of Justice in Stoney Plain, Alta., on July 30, 2025.

On June 21, 2025, while making patrols West of Stony Plain, the Alberta Community Response Team located a stolen Subaru Forrester being operated by a known Prolific Offender. RCMP ground and EPS Air One surveillance followed the vehicle to Spruce Grove where the driver drove on walking trails throughout the community to evade arrest.

Police arrested a 41-year-old Stony Plain resident, Daniel Warner after he entered into a Spruce Grove residents' garage.

Warner has been charged with offences including possession of stolen property, dangerous driving, fail to follow release conditions and more. Additionally, warrants were executed which included possession of stolen property, and flight from police.

Daniel Warner has been remanded into custody for future court dates.

On June 25, 2025, the Alberta Community Response Team arrested a 52-year-old female Stony Plain resident, Tammy Bruens during a traffic stop in an ongoing drug trafficking investigation.

As a result of this investigation and subsequent search warrants, Police located and seized items

including a package containing drugs that was wrapped as a birthday present. In total police seized:

- 47.03 grams of methamphetamine;
- Approximately 200 millilitres of GHB.

Tammy Bruens has been charged with various offences including Possession for the purpose of Trafficking and possession of stolen property.

She has been released to appear in at the Alberta Court of Justice in Stoney Plain today.

These recent successes are just a small sample of the amazing work that the men and women of Parkland Detachment, and the Community Response Team do in addressing concerns of property crimes and drugs in the area.

The community Response Team is a provincial Unit that is able to quickly respond anywhere in the Province to support communities with enforcement, suppression in an covert or overt capacity. They target priority offenders who are causing the most harm in a particular community. Additionally, utilizing an intelligence driven methodology they work with detachments like ours to tackle various crime types by conduct enforcement and suppression activities in hot spots.

Recent statistics show that crime reduction is

working.

- The city of Spruce Grove is currently experiencing a 42% decrease in both theft of motor vehicle and break and enters when compared to the same time last year.

- Stoney Plain has a 38 % drop in Break and Enters and an 18% decrease in theft of motor vehicles compared to the same time last year.

- Parkland County has 26% percent decrease in break and enters and a 27% decrease in theft of motor vehicles compared to the same time last year.

"Provincially, the Alberta RCMP has seen a 15.2% reduction in property crimes in rural areas compared to the same time last year." Says Inspector Kevin McGillivray, "That equates to over 1000 less cases of people waking up in the morning to their vehicles missing, their garages broken into, worksites and copper wire stolen, ATMs ripped out of stores and various other crimes."

# MID SUMMER EVENT AT NEERLANDIA CO-OP CELEBRATES 10 YEARS IN NEW SUPERSTORE

Submitted by Neerlandia Co-op

Neerlandia Co-op staff members are preparing a family-fun event with store-wide specials, kids games, live music, food demonstrations, market vendors, a fundraising BBQ restaurant specials, and Neerlandia Historical Society's official windmill unveiling on August 2, 2025 during the upcoming Mid Summer Event.

On March 13, 2015 the Neerlandia Co-op celebrated its grand opening of the new store, a rebuild after the devastating effects of a structural fire to the Home & Farm Store two years earlier. The spirit of

the membership of Neerlandia Co-op would display a resourcefulness and resilience to start again and rebuild the amazing structure that we see in the community of Neerlandia today, 20 minutes north of Barrhead on Highway 769.

Events run from 10:00 a.m. to 3:00 p.m. on Saturday, August 2, 2025 with the windmill unveiling at 11:00 a.m. A fundraiser barbecue will be served by Grizzly Trail Fire & Rescue Assoc., with profits going toward Barrhead area fire services.

Inline with the '10 Years' theme discover a whopping 10% discount storewide with a few exceptions (feed, lum-

ber, oil, select sporting goods items). Find these offers in the Hardware Store, Sportsman Centre, Food Store, and Liquor Store - you must come have a look!

Pit Boss Grills will be on-site with BBQ food demonstrations to showcase their line of smokers and barbecue grills, using locally butchered meats with Co-op Gold products, and will offer product samples.

Games and activities around the grounds include a bouncy castle, corn hole toss and giant Connect Four.

Live music by The Old Amigo's will be enjoyed, along with a digital display of the Cooperative store's history since

forming in 1922.

General Manager, Steve DeVries, extends the invitation to everyone to celebrate with community, saying "The Neerlandia Co-op is all about community, so what better way to celebrate 10 years in our current building than to gather as community and enjoy a fun-filled day together!"

## WAHOO SWIM SCHOOL CURRENT EVENTS

Submitted by Wahoo Swim School

We're having a fantastic summer at Wahoo Swim School in Stony Plain! Our students are making amazing progress in their swimming lessons, and we're excited to announce a few upcoming sessions and clinics that will help take their skills to the next level.

Final Two-Week Summer Session - Starts August 5th

Swim lessons are a great way to improve technique, build confidence, and—most importantly—have fun in the pool! Our final two-week summer session begins August 5th and is open to swimmers aged 5-18.

Students will learn proper stroke techniques, essential water safety skills, and create lasting summer memories. And since we're indoors, the weather never stops the fun!

Upcoming Stroke Clinics (Ages 8-16)

Looking to fine-tune your technique or master a specific stroke? Our upcoming stroke clinics offer focused, expert instruction in a supportive environment. These clinics

promote faster learning, better technique, and more confidence in the water.

•July 28 - Butterfly Stroke Clinic

•August 5 - Breaststroke Clinic

•August 11 - Backstroke Clinic  
•August 18 - Butterfly & Breaststroke Combo Clinic

Adult Program: Lap Legends

Calling all adult swimmers! Our Lap Legends program is perfect for those 18+ and follows a Masters-style format focused on technique, endurance, and overall performance. Whether you're training for personal goals or fitness, this coached program will help you elevate your swimming skills in a motivating environment.

Fall Registration Opens August 11th

If you missed out on summer lessons, don't worry! Fall registration officially opens August 11th! Mark your calendars and secure your spot early.

Summer sessions are filling up fast—don't wait! to register or learn more: P: 587.468.2796 or visit our website: [www.swimwahoo.ca](http://www.swimwahoo.ca).

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

**ANSWER:**  
Last Weeks  
You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
